

Get yourself
future-ready
while studying
for a Diploma
@ TP!

Join the **TP-NUS Pathway Programme!**

Jointly administered by Temasek Polytechnic (TP) in partnership with National University of Singapore (NUS), the TP-NUS Pathway Programme (PP), allows students who enrol in Diploma in Integrated Facility Management to take modules taught by NUS while studying for their diploma, and to earn credits which are

recognised by NUS BEng Infrastructure and Project Management (IPM) undergraduate programme from the College of Design and Engineering.

By taking NUS modules in your final semester, alongside with NUS students, you can complete your degree earlier than your peers.

Who is Eligible?

All students from the following courses:

- Diploma in Integrated Facility Management (IFM)

Application & Selection Criteria

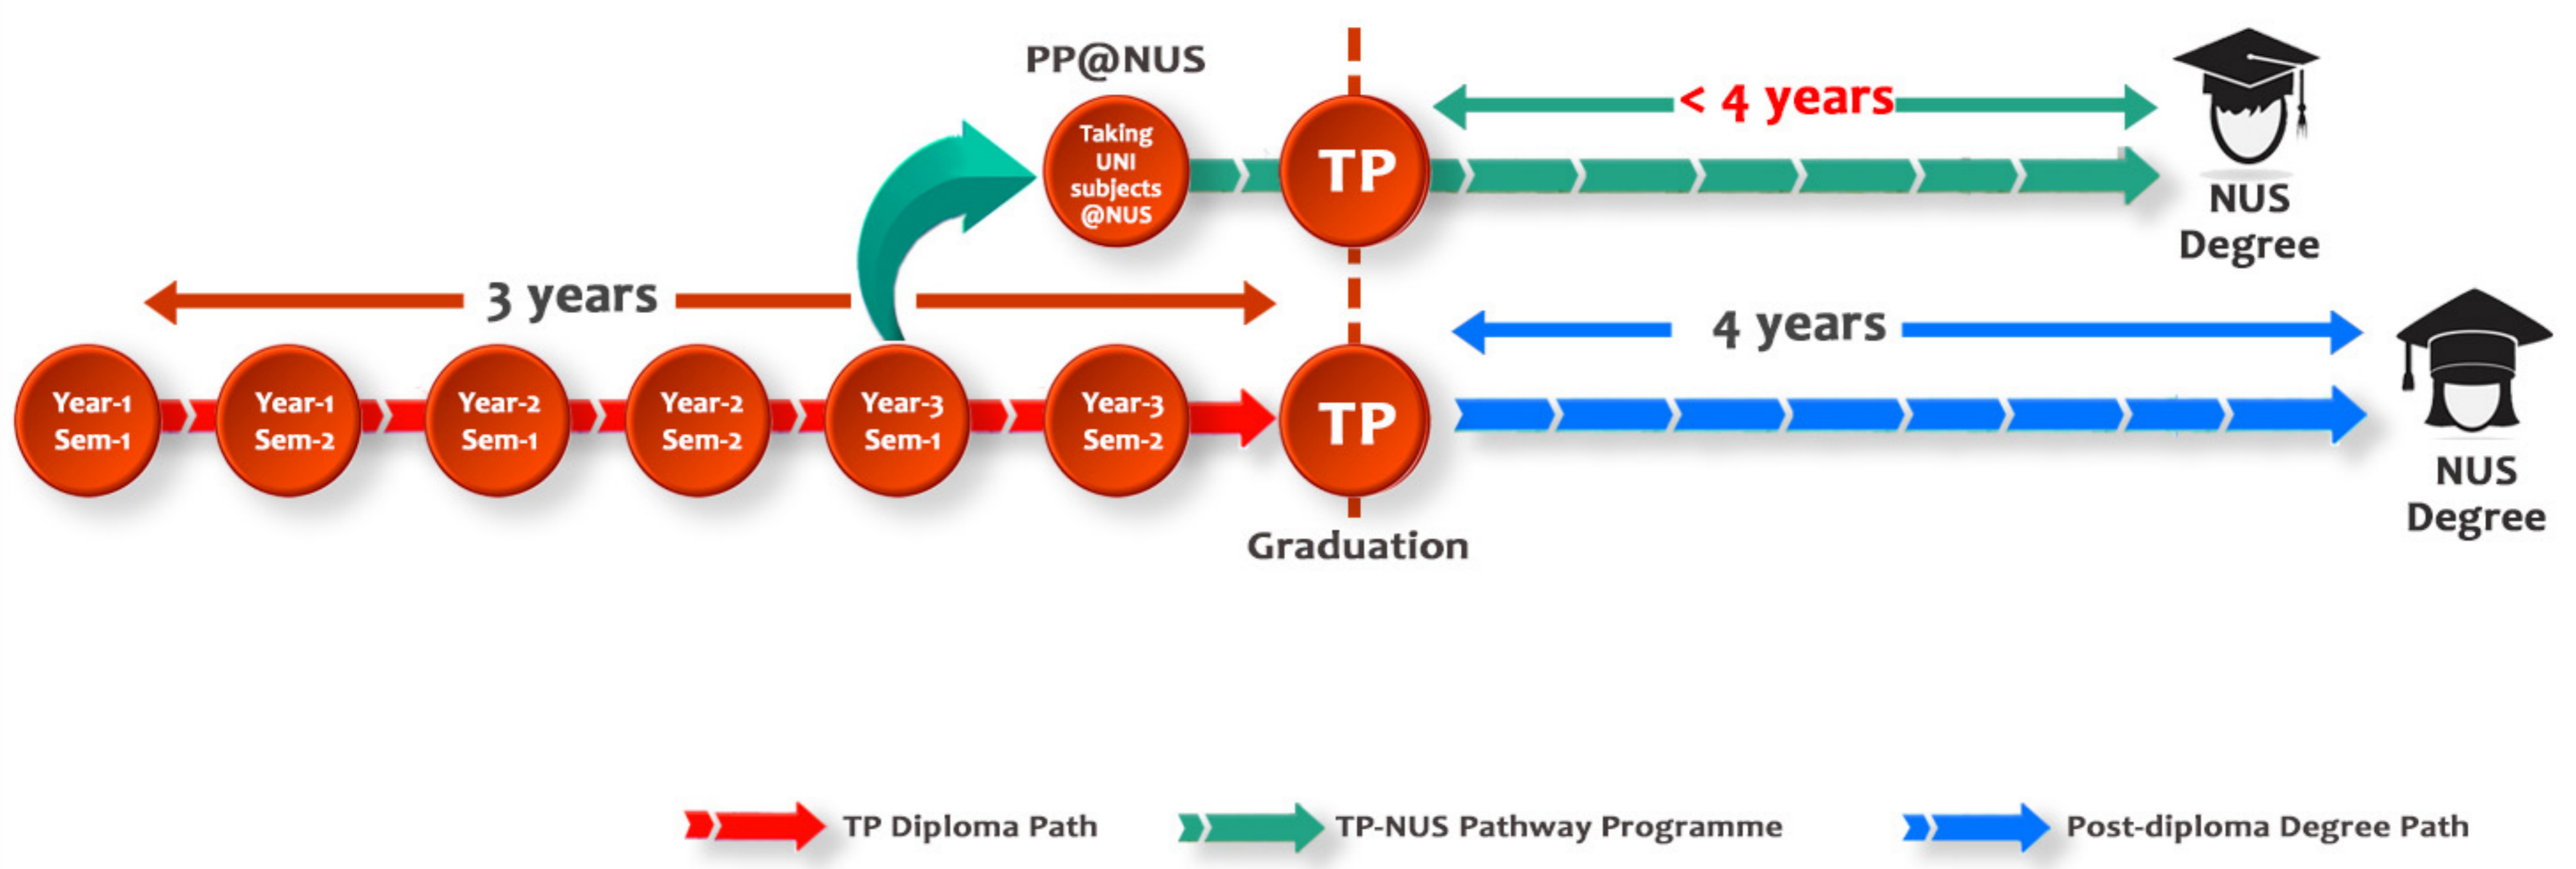

- Student can express interest to the Pathway Programme after a briefing in Year-2 Semester-1.
- Selection of students will be by merit and interview
- The PP programme will start in Year-2 Semester-2

What are the Benefits?

- Earn credits and enhance your admission chances to the Infrastructure & Project Management (IPM) degree course in NUS.
- Shorten the time to get from Diploma to Degree to Work.
- Gets an immersion of university life during your diploma studies.
